

Enovate Ai POWER UP

Digitalization Bootcamp

With the adoption of Enovate AI services, or individuals who wish to increase their skills in digital, we are offering a **comprehensive digitalization training** to assist teams in expanding their knowledge and skills for the new digital industry.

The covers the wide spectrum of digitalization for the energy industry to increase the adoption of digital strategies. The training covers topics for people within the energy industry to expand their knowledge into digital technologies for **predictive operations, intelligent decarbonization, and sustainable operations.**

Each person should be able to gain **key insights and knowledge** into digitalization. Pre-reading will be recommended and provided for those with a very basic knowledge base.

Join Our Comprehensive Bootcamp for Energy Professionals Ready to Lead the Digital Revolution

1. Faster Implementation of digital strategies.
2. Improved Efficiency and Productivity - Optimized Workflows
3. Enhanced Problem-Solving Skills - Self-Sufficiency
4. Higher Satisfaction and Confidence
5. Better Decision-Making - Data Utilization
6. Cost Savings - Efficient Use of Resources
7. Enhanced Collaboration and Communication - Team Training
8. Security and Compliance - Security Best Practices
9. Continuous Improvement and Learning - Skill Development

Topics covered

- Domain Knowledge Overview
- Cloud Computing
- Emerging Technologies
- Simulation & Modeling
- Data Management
- Automation & Control Systems
- Digital Twin Technology
- Integration & Renewable Energy
- Regulatory Compliance & Carbon Monetization
- Cybersecurity
- IoT
- Machine Learning & Generative AI

Digital Skills Event in the Energy Sector

Join us to boost your digital skills, network with industry leaders, and earn a certificate.

- **Hands-On Workshops:** Expert-Led Seminars, Real-World Case Studies
- **Practical Applications:** Implement Concepts in Real-Life Scenarios
- **Networking Opportunities:** Connect with Industry Innovators and Peers
- **Certificate of Achievement:** Validate Your Expertise in Digitalization

Our Speakers

Camilo Mejia
CEO of Enovate Ai

Rebecca Nye
CXO at Enovate Ai

Daniel Martinez
Head of Cloud
Architecture at Enovate Ai

Abzal Seitkazyev
Senior Data Scientist
at Enovate Ai

Farzad Sunavala
Senior Product
Manager at Microsoft

Richard Dwelle
Director at Blockchain
for Energy

Cody Edgerton
Strategic Account Executive
for Emerson's Zedi Cloud
SCADA solutions

Event Details

Date: August 20-21

Location

Enovate Ai Offices
The Woodlands, TX

Investment

Lead the digital
revolution in the energy
sector with Introductory
price of \$535 per seat

Empowering minds for a sustainable tomorrow
